Dear Gary

Planning Application Number: 07/00656/MOUNT

Development of a Business and Technology Park (site area 9.54a).

Thank you for sending the Assembly a copy of the Sequential Assessment document, which was received on 17 October. In principle this assessment is what the Assembly would like to see. As far as the detail goes the Assembly does not have any particular concerns. The Assembly is happy with the assessment if Ryedale District Council is.

If you have any queries about the points that I have made, please do not hesitate to contact me.

Yours sincerely
